HIV+?

- What are your plans to live healthfully as a person diagnosed with HIV?
- Are you taking positive steps to take care of your health?
- Is managing your sex life important to you?
- Would you like the opportunity to learn from other people living with HIV about the pitfalls of disclosure?

Positively Aware brings together long term survivors living with HIV and those recently diagnosed to share tips and insights. Take this opportunity to restore self-confidence, improve your health, negotiate safer sex with partners, feel good about yourself!

This group meets Tuesday nights from 6:30-8:30pm beginning in January 2009. It is held at:

HGLHC
1841 Broad Street
Hartford CT 06114

Feel better, take care of your health, be clear about safer sex, be at peace within yourself! What's not to like?

If you would like to join this group, or another in the series, please contact Liz Yorke, or Bill Petrosky at 860-278-4163, or at WilliamP@hglhc.org or lizy@hglhc.org
